If you would like information about your particular investment needs, please contact a financial professional.

A variable annuity is a long-term investment designed for retirement purposes. Investment returns and the principal value of an investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than the original investment. Withdrawals or surrenders may be subject to contingent deferred sales charges.

Optional benefits may not be available in every state and have requirements for election and other restrictions. The Dynamic Income Benefit cannot be cancelled in the first year following election; however, upon specified events, we may terminate the benefit. The benefit charges are in addition to fees and charges associated with the basic annuity. Please see the prospectus for more information.
